# WELCOME

Two years ago, Saint Luke Institute took the bold initiative to deliver a new treatment model – the Intensive Outpatient Program (IOP). In this new model, we continue to employ all the same proven therapies of our successful residential program, but in a 9-5, Monday through Friday format. This challenges our clients to engage deeper in their own self-care and wellbeing. In the IOP model, our clients live with the usual rhythms of life and put to use on a daily basis the skills they are acquiring in therapy. Thanks to your generosity, this new format has been widely praised by our clients and their superiors.

The reason you are here – and why we are all gathered here tonight – is to support the mission of Saint Luke Institute in caring for the clergy and men and women religious who are typically caring for us. Being here tonight signifies not only your support of our cause, but also underscores your empathy for those who are suffering. Your presence and, most importantly, your prayers, strengthen our clients and staff as well.

Some of us are here because we have been gifted in life financially. Some of us are here because we have been called to serve our distressed clientele. Tonight, we celebrate and honor two staff members who have dedicated their lives to the care of their brothers and sisters – Reverend Quinn R. Connors, O. Carm., Ph.D., and Sister Margaret Crowley, SHCJ, LCSW-C. Both honorees have served Saint Luke Institute for over twenty years.

On behalf of all the priests and consecrated religious who have been helped in body, mind, and spirit at Saint Luke Institute, we thank you for your generosity and prayers.

# OUR MISSION

We participate in the healing ministry of Christ by promoting the health and well-being of Catholic clergy and women and men religious in the United States and abroad. To accomplish this task, we provide mental health treatment, offer education and wellness programs, and conduct research. In these services, we strive to integrate the highest quality spiritual, psychological and physical resources within the context of a Christian community. The Institute conducts its ministry in harmony with the teachings of the Catholic Church.

# SAINT LUKE AWARD

The Saint Luke Award is given annually to someone whose professional life or charitable works embody the ideals of the Institute: the rebuilding of the spiritual, physical, emotional, and intellectual life of those in need.

In undertaking these tasks, the honoree is motivated by the gospel ideals of compassion, charity and a belief that all persons are brothers and sisters in Christ. The award is bestowed each year on or around the October 18 Feast of St. Luke.
